 Participate in Intent to Enroll  
 Intent to Enroll - Second Year Retention

This is a process designed:

1. To assure that students know what requirements are needed up front.
2. To assure that the students know the rigors of the program and that they are prepared to start it.
3. To get the best students in the program for retention and student success
4. A strong base of knowledge prior to entering the program so the student is program ready
5. So high school counselors can best prepare high school student for entry into the health related programs
6. To streamline the process in Enrollment Services at the Welcome Center ? so students know that just applying to the college doesn't mean that they are in a program and we as a college have a better idea of how many students are entering the program
