- 
2010-2011 Participate in Intent to Enroll Process
Intent to Enroll - Second Year Retention

This is a process designed:

- To assure that students know what requirements are needed up front.
- To assure that the students know the rigors of the program and that they are prepared to start it.
- To get the best students in the program for retention and student success
- A strong base of knowledge prior to entering the program so the student is program ready
- So high school counselors can best prepare high school student for entry into the health related programs
- To streamline the process in Enrollment Services at the Welcome Center ? so students know that just applying to the college doesn't mean that they are in a program and we as a college have a better idea of how many students are entering the program
