Q35 - CONCLUSION Please use this space to share any other feedback, comments, or suggestions about your experience at Western Technical College.

I enjoyed this program and learned so much.

After completing the program I want to say how much I appreciate the teachings and teaching styles of Loren and Pete. Both have different teaching styles, but together they make a great pair to learn from. Great teachers....always willing to help, explain, and go the extra mile to ensure their students are understanding and applying the information they are receiving.
