

# Medical Laboratory Technician Spring 2016 SLO

Spring 2016 - Medical Laboratory Technician

May 2nd 2016, 10:13 am CDT

## Q3 - What did you like about this program?

I liked learning about the sciences. The instructors were excellent and very helpful.

Lots of hands on, clinical sites were great and so helpful, professors were very knowledgeable and available for questions at anytime. I learned so much and would recommend this program to others

The small classes, the way the classes were arranged, clinical experience

I liked the hands on experience we received in both lab and our clinical sites. I also liked the lecture portion. We learned what we needed to know for our profession

Diversity, hands on learning, great group of people and professors

## Q4 - What would you change about this program?

More flexibility

More laboratory time!

Advanced hematology needs more laboratory time,

N/A

more lab time and less disease correlation

## Q6 - As a result of this program:

Q6\_1 - I have learned effective communication skills.

| Answer                     | %      | Count |
|----------------------------|--------|-------|
| Strongly Disagree          | 0.00%  |       |
| Disagree                   | 0.00%  |       |
| Neither Agree nor Disagree | 0.00%  |       |
| Agree                      | 40.00% | 2     |
| Strongly Agree             | 60.00% | 3     |
| Total                      | 100%   | 5     |

### Q7 - Provide any comments you have on effective communication skills you learned.

I learned to give presentations, and feel more comfortable. I also feel as though I learned the technical terms to speak in so that ideas are communicated more effectively.

We worked together as groups many times and developed communication skills through classroom activities as well as clinical experience

### Q8 - As a result of this program:

Q8\_1 - I am able to apply mathematical concepts.

| Answer                     | %      | Count |
|----------------------------|--------|-------|
| Strongly Disagree          | 0.00%  |       |
| Disagree                   | 0.00%  |       |
| Neither Agree nor Disagree | 0.00%  |       |
| Agree                      | 40.00% | 2     |
| Strongly Agree             | 60.00% | 3     |
| Total                      | 100%   | 5     |

### Q9 - Provide any comments you have on mathematical concepts you learned.

I learned quite a bit of math like dilutions and equations. My instructor went out of their way to help me because I was struggling in this area a bit.

### Q10 - As a result of this program: - I learned how to transfer social and natural science theories into practical applications.

| Answer                     | %      | Count |
|----------------------------|--------|-------|
| Strongly Disagree          | 0.00%  |       |
| Disagree                   | 0.00%  |       |
| Neither Agree nor Disagree | 0.00%  |       |
| Agree                      | 20.00% | 1     |
| Strongly Agree             | 80.00% | 4     |

Total 100% 5

**Q11 - Provide any comments you have on transferring social and natural science theories into practical applications.**

I can interpret tests and get a feel of what the patient might be suffering from.

**Q12 - As a result of this program:**

Q12\_1 - I learned critical thinking skills.

| Answer                     | %       | Count |
|----------------------------|---------|-------|
| Strongly Disagree          | 0.00%   |       |

**Q35 - CONCLUSION Please use this space to share any other feedback, comments, or suggestions about your experience at Western Technical College.**

I really enjoyed my instructors. They did an excellent job of preparing me for the workplace.

I had a great experience and would recommend this program to others! I learned so much and cannot wait to put that knowledge to use in the laboratory setting

This experience was awesome. thank you!

Amazing college. I'm really happy I decided to come back and pursue this career path

This program is excellent. Compared to other two year and even four year colleges, I think we have gained extensive knowledge about the laboratory and our clinical rotations have only improved our skill. Have recommended the program to others
