

Course Availability

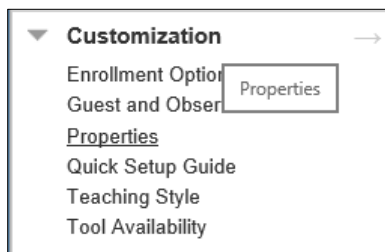

When the course starts it must be made available to students so that it appears in their Blackboard course list. At the end of the semester it should be made unavailable so that it no longer appears on their lists.

How to Make a Course Available

1. Begin with the Edit Mode **ON**

2. Under **Customization** on the Control Panel, select **Properties**

3. Under **Set Availability** select "Yes"

4. Click Submit

How to Make a Course Unavailable
