OVERALL EXPERIENCE

1. What did you like about this program?

2. What would you change about this program?

Text Response

. I would provide better equipment to learn with. Not a new fire truck. The new fire truck was nice, but not a necessity. Give us updated turn out gear, PROPS, and up to date accessory gear. Give us the ability to do more burns, smokey rescues, and integrate some mini internships into the long drawn out semesters. Provide more opportunities for internships (Winona, Rochester, and so on). Make this program a fire/ medic program. Integrate and intermingle paramedic with fire degrees. Get some firefighter paramedics willing to teach us how it is in real life. Teacher requirements should be firefighter paramedics, currently working in the industry with 5 years experience in a fire company or on an ALS ambulance.

Also, although physical fitness is important as a firefighter, the classes are a complete waste of time and are of no use. They make members of this class have suicidal ideations because of the class material.
