

Human Resource Management Spring 2014 Student SLO Report

1. What did you like about this program?

Text Response

I like the field so I liked learning for my future career.

I like how close the students and staff were. It was nice to feel like everyone cared how things worked out.

I enjoyed the variety of classes and the many functions of HR we were able to learn about. I really liked that our instructor was always available for us to ask questions. Sue and Lori are very knowledgeable in HR.

I liked being able to learn about all the different processes and everything that goes on in human resources.

2. What would you change about this program?

Text Response

Not having to take Orientation class.

I would make sure that the classes that are required to take in LaCrosse are on the same days so that students coming from out of town to go can still work and have a family. Have classes 3 or 4 days a week made it very hard for me with 3 small kids.

The amount of group projects. It is very difficult to schedule times. Another issue is that if all members in the group do not put forth the effort the others do that person who did not contribute still passes the class.

I do not think I would change anything.
