25. CONCLUSION - Please use this space to share any other feedback, comments, or suggestions about your experience at Western Technical College.

Text Response

The program was good. The job placement in this area are weak at best. I have had too many advisory board members shun graduates from the program due to requesting too much money to stating lack of desire to do the job. I think we come out with an unfair disadvantage instead of an advantage. I applied for six jobs . I was granted 1 interview. This is the La Crosse area. I think everyone coming out of the program should be granted at least an interview, especially companies who represent the advisory board of the landscape/ hort program. I think the program trained us well for the job.

i think it's bullshit that alot of my resouces that i need to do homework is locked in rooms after 5 pm on a monday or any other day of the week. someone needs to pay more attention to pete and how he does things.
