

Q3 - What did you like about this program?

What I like about this program is how hands on and active we are in class. Besides the learning, Xxxxx is very good at having everyone be active and included.

This program was amazing. I have learned so much in the last two years. The instructor was amazing and understanding with life circumstances even though I had nothing come up.

The program is amazing, I learned so many things in this program. It was a great experienced.

The level of education and experience we received in this program was ahead of the curve. The field experiences alone placed our cohort ahead of other school's programs.

I really enjoyed the people in the program and Xxxxx especially. Everyone is extremely supportive, understanding and willing to help.

I loved this program. It has helped me find myself and come out of my shell.

I loved all the hands on experience. This program challenged me and changed me. I am very confident in my abilities and my knowledge to do what I was meant to do, which is help people. I loved all my instructors and the way they do things, they all care about your success.

I liked that this program was mostly hands on learning. That makes the classes much more enjoyable and practical.

I like that this program will prepare for working in the field. I also like how hands on the projects are, as well as the connections that the instructors have with people in the community.

I like that the instructors in all the courses are super flexible with us. And, it was a great learning experience. Also, the diversity within our classroom.

I like that it was once a week.

I have enjoyed this program ever since the first day I was in the program. I have liked every instructor for all my classes from the very beginning. I have made so many friendships with my classmates. I also love helping people, so this program was right up my alley.

I enjoyed the classes that were associated with the program. They were great for understanding the populations that we will see throughout our careers.

Every single thing!

Q4 - What would you change about this program?

nothing

I would change the program by being more organized with the newer cohorts. An example of this would be how to organize meetings with all of the programs.

Nothing.

Nothing!

possibly having it on another day maybe?

I would like to see more hands on activities with what to expect in the work field.

There is nothing that I would changed, its great as it is.

I wouldn't change anything about this program the instructors are awesome and very flexible and I love the information that was taught.

nothing

I think the one that would be helpful if there were more flexibility with the class times.

nothing

Not having a math requirement and maybe adding an ethics class requirement.

The only thing that I would change about this program would be the instructors sticking more to the policies.

Q6 - As a result of this program: I have learned effective communication skills.

#	Answer	%	Count
1	Strongly Disagree	7.69%	1
2	Disagree	0.00%	0
3	Neither Agree nor Disagree	0.00%	0
4	Agree	23.08%	3
5	Strongly Agree	69.23%	9
	Total	100%	13

Q7 - Provide any comments you have on effective communication skills you learned.

Communication was a big thing to keep up with me throughout the semester.

I have learned how to talk to people with out feeling the need to be quiet.

NA

I have learned a lot of skills to help me with my interns. Communication is very important at my intern especially with kids so this program helped me a lot.

Learning to speak with inclusive language and how to communicate with diverse individuals.

I have become much more comfortable talking to people in high stress situations.

Q8 - As a result of this program: I am able to apply mathematical concepts.

#	Answer	%	Count
1	Strongly Disagree	7.69%	1
2	Disagree	0.00%	0
3	Neither Agree nor Disagree	46.15%	6
4	Agree	30.77%	4
5	Strongly Agree	15.38%	2
	Total	100%	13

Q9 - Provide any comments you have on mathematical concepts you learned.

N/A

NA

Q10 - As a result of this program: I learned how to transfer social and natural science theories into practical applications.

#	Answer	%	Count
1	Strongly Disagree	7.69%	1
2	Disagree	0.00%	0
3	Neither Agree nor Disagree	30.77%	4
4	Agree	38.46%	5
5	Strongly Agree	23.08%	3
	Total	100%	13

Q11 - Provide any comments you have on transferring social and natural science theories into practical applications.

N/A

NA

I really enjoyed my human biology course because our instructor was really enthusiastic about her teaching and I felt I learned more from this course than any other science course.

Q12 - As a result of this program: I learned critical thinking skills.

#	Answer	%	Count
1	Strongly Disagree	7.69%	1
2	Disagree	0.00%	0
3	Neither Agree nor Disagree	0.00%	0
4	Agree	38.46%	5
5	Strongly Agree	53.85%	7
	Total	100%	13

Q13 - Provide any comments you have on critical thinking skills you learned.

Finding my own methods while still following the code of ethics to find a solution

Q14 - As a result of this program: I have learned to use technology effectively.

#	Answer	%	Count
1	Strongly Disagree	7.69%	1
2	Disagree	7.69%	1
3	Neither Agree nor Disagree	15.38%	2
4	Agree	23.08%	3
5	Strongly Agree	46.15%	6
	Total	100%	13

Q15 - Provide any comments you have on what you learned about using technology effectively.

N/A

	Total	100%	13

Q34 - Provide any comments you have about learning this program outcome.

N/A

Q35 - CONCLUSION Please use this space to share any other feedback, comments, or suggestions about your experience at Western Technical College.

I wish Western and or the Wisconsin Technical College System would realize they only hurt the students by having a revolving door of instructors. we need less adjunct instructors and more full time staff.

I think that the hours for the Planned Change project should be more. The only reasoning I am saying this is because I spent more than 15 hours on the project. I love how we can be apart of the program without being in the actual program! Ann, you rock! :)

This was a two year program, and this was my fourth year, just because it took me so long to get into the Human Services Program. But these last few years have been worth it! I have learned so much, and gained experience and relationships with everyone, from volunteers, other agencies, and individuals in La Crosse, Monroe, and Vernon County. I loved this program!

I loved it! I have changed as a person and as a professional during the Human Services program. Xxxx is the best instructor at this school. Western has paved the way for me to the University of Minnesota in the fall, and I am grateful for that!!

Having a class two times a week. I feel as if having one class on Monday for one hour isn't really necessary? But, it might be just me. I know sitting in one place for a class is a little long. but it makes less driving time for those who live out of town.

With everything that I have gone through the last 2 years, Xxxx has helped so much with keeping me motivated and helping me find myself. She is an excellent instructor and is a great person. With myself being so shy, she has taught me how to open up and find myself, be confident in everything i do, and to hold myself high.

I enjoyed being a student at Western Technical College.

This program is great for anyone wanting to go into a field that helps people. I loved everything about it and I recommend it to everyone I come into contact with.

Xxxx is one of the best instructor at Western!

I really enjoyed my 2 1/2 years here at Western. I love all the instructors who I have come in contact with and enjoyed my learning experience. I will miss my instructor Ann Lichliter, she has been a great instructor and a great helper in helping each of us succeed in the program!

I enjoyed it so much at Western Technical College that I am going to continue my time and follow another career choice.
